BY

GENILLARD & CO
INSURANCE FACTORY

&

AgroApps

Raise your Agro Insurance business to the next level of digitalization by

- Automating portfolio monitoring & management
- Exploiting the potential of satellite data & reducing the number of on-site visits
- Receiving extreme weather alerts to mitigate losses & improve customer service
- Performing remote damage assessment for claim verification & fraud detection
- Accessing a comprehensive meteo-rological data base for risk assessment & product development
- Creating parametric insurance products & ensure transparent monitoring
